

PACKAGE 1

I arrive at your wedding venue 2 hrs before the ceremony and record footage of the location, venue and your personal decor/styling. If you are getting ready at the venue I can also include some bride/groom preparations. I then film the following:

- Guests and the wedding party arriving
- The ceremony and signing of the register.
- The bride and groom being congratulated and receiving favours etc
- The photographs and guests socialising.
- The Reception Room decoration, tables decor and cake. Some of the receiving line.

Filming ends after the speeches.

I capture all the special moments during the day whilst being as discreet as possible and allow your day to flow naturally. I may ask you for a few walking shots and different poses during your photographs if I feel that its necessary but the rest of the time I am invisible. The ceremony and speeches are filmed with 2-3 cameras in order to add interest and capture family and guest reactions. The ceremony is recorded with the groom wearing a lapel microphone which ensures excellent sound quality and clear dialogue from the bride and groom. Microphones are hidden on the tables for the speeches.

I edit and produce your video on 3 DVDs, one copy for you and both sets of parents. Extra DVDs are available for 15 pounds each. Each video normally lasts between 1 - 2 hours, dependant on the length of your ceremony and speeches. The discs are personally printed, packaged and normally delivered between two and five weeks, depending on how busy we are. In the busiest periods, the maximum turnaround time has been 8 weeks.

The cost of this package is 750 pounds. We will charge extra for travelling time and costs for weddings further than 25 miles.

The following can be added to this package...

The first three dances	£50
Family messages	£50
A 3-4 minute highlights video	£200
Your full MP4 video file on USB	£100

We then film the following:

Guests and the wedding party arriving

The photographs and guests socialising.

The Reception Room decoration, tables decor and cake. Some of the receiving line.

Family Messages are also included in this package.

The filming ends when we feel that we have enough footage.

Package three is a cinematic style wedding story. The coverage during the day will be the same as package 2 but filming will end when we feel we have enough great dancing footage and hopefully capture some sunset shots.

I will arrange to meet before the day and film some question and answer sessions which will be incorporated into the final film.

In package 2, I capture your day as it happens whilst being as discreet as possible. With this package, we take more control of the shots required on the day in order to produce your story. Over all, there is much more attention to every detail of your wedding day.

More time will be spent with the couple capturing beautiful and personal images.

I will have an assistant on the day.

The finished story will be colour treated in the style of a movie and the music will be carefully selected and licensed to suit the mood of the film.

The cost of this package is 2000 pounds. The final video is produced on 3 DVDs and a USB. You receive the full day video plus a highlights sequence creating a montage of the day.

This package will only be available in the summer months and would also suit an elopement.
